D                    G D  
Twinkle, twinkle, little star,  
G D        A7 D  
How I wonder what you are!  
D G        D A7  
Up above the world so high,  
D G        D A7  
Like a diamond in the sky.  
D                    G D  
Twinkle, twinkle, little star  
G D        A7 D  
How I wonder what you are!

D                    G D  
Then the traveler in the dark  
G                D A7 D  
Thanks you for your tiny spark.  
D G        D A7  
He could not see where to go  
D G        D A7  
If you did not twinkle so.  
D                    G D  
Twinkle, twinkle, little star  
G D        A7 D  
How I wonder what you are!

D                    G D  
As your bright and tiny spark  
G                D A7 D  
Lights the traveler in the dark -  
D G        D A7  
Though I know not what you are  
D G        D A7  
Twinkle, twinkle little star...  
D                    G D  
Twinkle, twinkle, little star  
G D        A7 D  
How I wonder what you are!
