

**Bridges Connect and Bring the World Together**  
*A sing along musical interlude by Emily Gleichenhaus*

A bridge can be made  
Of many different things  
But its job is always the same  
To make a way for crossing

Bridges connect  
Bridges connect  
Bridges connect  
They bring the world together

*(You can choose to repeat this refrain a second time or not)*

Bridges connect  
Bridges connect  
Bridges connect  
They bring the world together
