

THE WORLD'S BIGGEST BIRTHDAY CAKE

By Carol Greene

Sing to the tune of ON TOP OF OLD SMOKY

Chords Arranged by ELEG for SBWE

(First note is C)

For an abridged version, just sing the blue

C F
Because it's your birthday
C
We wanted to make
G
You something quite special
C
The world's biggest cake

C F
To haul in the flour
C
We rented a train
G
The sugar came straight from
C
Hawaii by plane

C F
The eggs were a problem
C
It took twenty hens
G
They each laid a dozen
C
Then started again

C F
We used someone's bathtub
C
To mix up the stuff
G
Then got twenty more, but
C
They still weren't enough

C F
The batter just fit in
C
An old water tower
G
We found a volcano
C
And turned on the power

C F
For two weeks we baked it
C
The smell was divine
G
The timer went off on
C
Last Friday at nine

C F
We cooled it and iced it
C
With chocolate, of course
G
Then brought it back home with
C
Ten mules and a horse

C F
We wanted some flowers
C
To put 'round the edge
G
But they were too small, so
C
We planted a hedge

C F
The hedge needed water
C
So we dug a lake
G
And filled it with goldfish
C
Ten frogs and a drake

C F
The lake was so pretty
C
We put in a zoo
G
Then added a circus
C
A baseball game, too

C F
With streetlights for candles
C
It looked rather grand
G
But just for good measure
C
We hired a band

C F
At last all was ready
C
The moment had come
G
And we were so hungry
C
We ate every crumb

C F
And now if you're tired of
C
These birthday wishes
G
Please do us a favor
C
And wash up the dishes
